PROFILE

I am a highly motivated Chemical Engineer with a B.Tech in Chemical Engineering and six years of diverse experience in roles such as Production Chemist, Graduate Engineering Trainee, and Production Officer. Skilled in optimizing production processes, ensuring quality control, and adhering to safety and environmental standards, I have a proven track record of contributing to efficient and sustainable operations. My strong technical expertise, problem-solving abilities, and commitment to excellence make me a valuable asset in driving operational success.

WORK EXPERIENCE

Jubilant Pharmova Ltd : Mysore

APR 2024 - PRESENT

Production Chemist

As a Production Chemist, I monitored and controlled chemical processes, conducted routine testing of raw materials and finished products, ensured compliance with quality and safety standards, resolved process issues, and maintained production records to support efficient operations.

Pagros Chemical India PVT Ltd : Cuddalore

MAY 2019 - AUG 2021

Production Chemist

As a Production Chemist, I monitored and controlled chemical processes, conducted routine testing of raw materials and finished products, ensured compliance with quality and safety standards, resolved process issues, and maintained production records to support efficient operations.

Sun Pharmaceuticals Industries Ltd : Chennai

Production Chemist

SEP 2022 - MARCH 2024

EDUCATION

Btech in Chemical Engineering

2015-2019

Anna University

SCORE: 77.2%
